ABSTRACT

This study aims to determine the development of sales of PT Hyundai Simprug South Jakarta when participating in the GIIAS 2018 event, along with the passage of the automotive world which is very popular with many people, especially for motorized vehicles. There are many sales rivals from various well-known automotive brands in Indonesia, each of which shows the latest automotive technology, one of which is Hyundai Mobil, which is launching its new product.

The results of the study were obtained from interviews with various speakers such as the President Director of PT Hyundai Mobil Indonesia, Public Relations of PT Hyundai Mobil Indonesia, and consumers who came to the Hyundai booth when the GIIAS 2018 event took place. The research methods that I use are qualitative research methods because I want to know the PR role of PT Hyundai Simprug through the GIIAS 2018 event. The data collected in this study are in the form of words, sentences, statements and concepts because the authors want to describe in detail about the topic of this research.
