

**ABSTRAK** Diskriminasi yang terjadi terhadap orientasi seksual merupakan isu aktual yang terjadi di dunia internasional di zaman sekarang ini. Sebuah fenomena yang sangat ditentang di negara – negara konservatif dan di cap buruk di negara - negara yang memegang kultur dan agama yang kuat. Hal tersebut menimbulkan konflik identitas dengan adanya gerakan yang mendukung perbedaan orientasi seksual di berbagai negara yang di klasifikasikan menjadi kelompok LGBT (Lesbian, Gay, Bisexual, Transgender) dimana tiap - tiap manusia diberikan kebebasan dalam memilih orientasi seksual mereka tanpa harus mengikuti kultur maupun agama yang ada di sebuah negara, termasuk di Indonesia. Hal tersebut menimbulkan kesadaran dan gerakan sosial yang berbasis politik identitas yang berkerjasama dengan gerakan sosial luar negeri. Upaya Arus Pelangi dalam memperjuangkan pengakuan status LGBT di Indonesia pada tahun 2018 sampai 2020 hadir dengan berjejaring dengan gagasan dan tujuan yaitu membela kelompok minoritas LGBT dan menuntut adanya perjuangan hak asasi manusia serta advokasi atas persekusi yang mereka dapatkan, sehingga perlahan menunjukkan titik terang terhadap nasib dari hak kelompok LGBT di Indonesia.
