APLIKASI PENERIMAAN SANTRI BARU DAN DONATUR BERBASIS WEB PADA YAYASAN FATTAHILLAH

Rezky Maulana Hamdani

Abstrak

Penelitian ini dilakukan untuk membuat aplikasi yang dapat digunakan untuk membantu Yayasan Fattahillah dalam hal melakukan pendaftaran melalui website online, serta menganalisa kekurangan yang terdapat pada Yayasan tersebut. Salah satu masalah yang menghambat proses kinerja di Yayasan yaitu, proses pendaftaran penerimaan calon santri belum terkomputerisasi atau bisa dikatakan bahwa pendaftaran santri dan waktu masih belum efisien. Berdasarkan studi literatur, model penelitian analisis sistem informasi ini menggunakan metode WATERFALL. Hasil penelitian ini yaitu dengan adanya website pendaftaran penerimaan calon santri online, calon santri dan donatur diberikan kemudahan dalam pendaftaran online karna pada website ini telah dilengkapi fasilitas informasi pendaftaraan penerimaan calon santri dan para donatur secara jelas dan rinci. Dan juga memberi kemudahan pada Yayasan dalam menerima calon santri karena sebelumnya pendafataran penerimaan calon santri masih belum terkomputerisasi.

NEW STUDENTS-ADMISSION APPLICATIONS AND WEB-BASED DONOR AT FATTAHILLAH FOUNDATION

Rezky Maulana Hamdani

Abstract

This research was conducted to create applications that can be used to help Fattahillah Foundation in terms of registration through the website online, as well as analyse the deficiencies found in the Foundation. One of the problems that hamper the performance at the Foundation, namely, the process of registering the receipt of prospective students have not been computerized or can it be said that the registration of students and the time is still not efficient. Based on the study of literature, research model system analysis of this information using the method WATERFALL. The results of this study, namely the existence of the website registration receipt of prospective students online, potential students and donors are given the ease of online registration because on this website have been equipped with facilities of information registration receipt of prospective students and donors are clear and detailed. And also gives ease in receiving Foundation on prospective students because of the earlier registration, acceptance of the prospective students are still not computerized.
